

*SLRPC Newsletter November 26, 2018*

Hi All,

1. Dr. David Patriquin is doing a talk on the ecology of Sandy Lake and area for the Sackville Rivers Association Thursday December 6th at 7pm at the Sackville Rivers Assoc offices, 45 Connolly Rd. #206 Middle Sackville.

All are welcome. I have attached an invitation and a poster.

2. Welcome to the Friends of Blue Mountain Birch Cove Lakes Society who have just joined our Sandy Lake Regional Park Coalition (SLRPCoalition). Welcome! We have much in common to achieve together.

3. Our recent communications with the developer confirm they are waiting for the city to make them a trade offer. Our main task is to get the support we need from the city.

4. So, our SLRPCoalition Steering Committee is getting set to meet for the first time in the next few days to get that going. Stay tuned!

Karen
